

# Alcatel One Touch Fierce Battery Replacement

A very easy guide showing you how to replace the battery on this phone.

Written By: Jonathan Ruiz

## INTRODUCTION

A very easy guide showing you how to replace the battery on this phone.

---

### TOOLS:

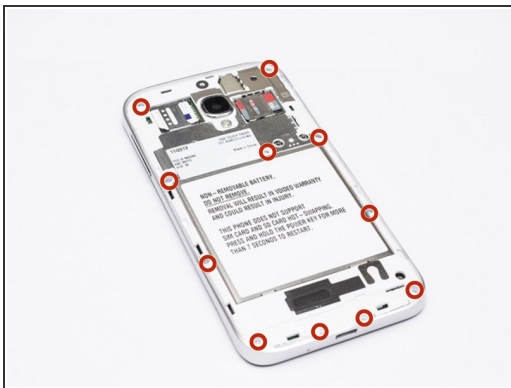

- [iFixit Opening Tools](#) (1)
  - [Phillips #000 Screwdriver](#) (1)
  - [Tweezers](#) (1)
  - [Spudger](#) (1)
-

## Step 1 — Rear Case

- Pry with a plastic opening tool, or your fingernail, in the divot at the bottom left corner of the phone.
- Lift the rear case by the corner nearest the divot and remove it from the phone.

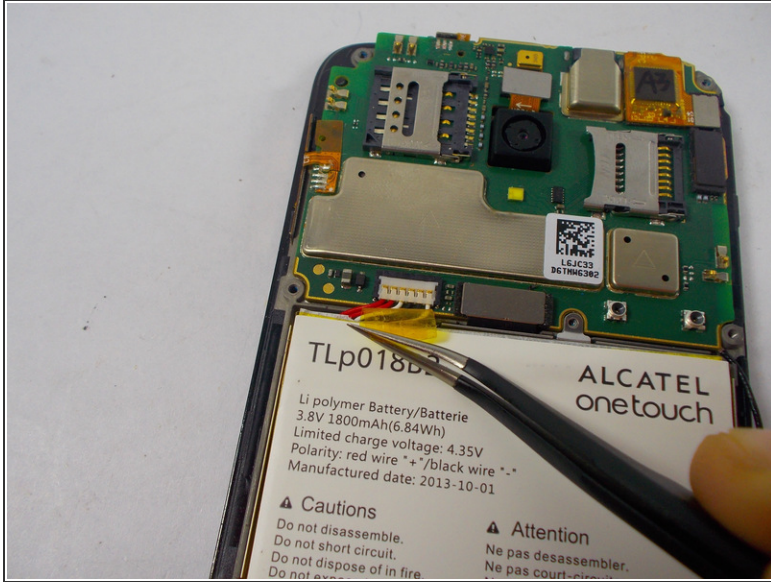

## Step 2 — Midframe

- Remove the 11 Phillips #000 screws.
- The midframe should lift free.

## Step 3 — Battery

- Use the tip of a spudger to pull back the yellow tape covering the battery connector.
  - Use a pair of tweezers to pull the battery connector from its port.
- ⚠ Be careful not to tear the battery from its connection.

To reassemble your device, follow these instructions in reverse order.
